Goals and Next Steps			
Goal 1 . . . Goal 2 . . . or Student has completed the required self-assessment of the Core Competencies. Please see their evidence (on FreshGrade, attached, etc)			

Evaluation Criteria for Curricular Competencies			
Acquiring Student requires teacher direction and support to acquire skills. "I am just getting started." "I learn best with help."	Developing Student is learning to practice and apply skills with some teacher support "I get some of it." "I am beginning to do more on my own."	Refining Student is sharpening skills with increasing consistency and independence. "I get most of it." "I can do most of it on my own."	Mastering Student consistently and independently demonstrates competence in applying skills. "I get it." "I can do it on my own."
Extending A child has the ability to extend their learning at any stage of growth (acquiring, developing, refining and mastering). Some examples of "extending" are making connections beyond subject matter to personal experiences, connecting their learning to other subjects, or deepening their learning independently.
